

27180 Highway 98
Daphne, Alabama 36526

(251) 626-7777

November 3, 2003

Subject: **Letter of Recommendation**

To Whom It May Concern:

Phillip N. Owens & Associates L.L.C. provided the required professional services for our car dealership located in Daphne Alabama. The services consisted of complete site masterplanning of existing and new dealerships consisting of approximately 13 acres.

The project involved:

1. Site masterplanning
2. Expanding existing dealership parking
3. New parking lot at newly aquired adjacent property
4. Adding an acel/decel lane along highway 98
5. Adding a new access drive
6. Re-designing site lighting
7. Landscaping
8. Civil engineering coordination
9. Permitting through City and the Alabama Dept. of Transportation

Mr. Owens assisted us in solving some pretty tenuous issues relating to site conjection, circulation, and accessibility, while satisfying the myriad of permitting requirements. We feel that their services helped us greatly by achieving our goals of immediate relief and providing the infrastructure needed for future expansion. We would highly recommend Phillip N. Owens & Associates L.L.C. for other similar projects.

If you have further questions, please give me a call.

Sincerely,

Damon Wickware
President
