TO WHOM IT MAY CONCERN:

I have had the opportunity to work with architect Phillip N. Owens on a couple of elementary school additions here in Blount County.

The two projects consisted of classroom additions to Hayden Elementary School and Blountsville Elementary School. The combined cost of the projects was approximately \$1.2 million. Mr. Owens was the architect representative responsible for construction administration/observation. We were pleased with his efforts and recommend him or his company for the design and/or construction management on other projects of this nature.

Feel free to contact me if you have any questions regarding this matter.

Sincerely,

Donnie E. Breaseale
Superintendent
