To Whom It May Concern:

I have worked with Mr. Phillip N. Owens, architect and developer, on numerous condominium development projects in Orange Beach, Alabama. I have a good working relationship with Mr. Owens and his firm, Phillip N. Owens & Associates, LLC. Mr. Owens has always been willing to work with city staff in order to comply with city regulations and achieve the best possible development. Mr. Owens appears to have a good understanding of the permitting requirements which include; zoning ordinances and the various agencies regulating coastal development.

If I can be of further assistance please let me know.

Sincerely,

Andy Bauer
Zoning Administrator
